

VAN DER BROHE
ARBORETUM
& BIRD SANCTUARY

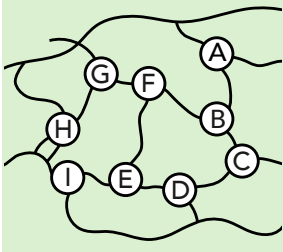

"BIRD GARDEN #1"

Bird Garden Plant List

Sponsor: Van der Brohe Arboretum

Designer: John Durbrow

Design Intent: Located in the southeast quadrant of the Arboretum, this garden is comprised of plants and shrubs that host the broadest array of insects—food for birds, and essential pollinators. Plants have been selected for their berry and mast production, and for the the nectars that feed hummingbirds and pollinators, as well as their beauty.

Brilliant Red Chokeberry
Aronia arbutifolia 'Brilliantissima'

Iroquois Beauty™ Black Chokeberry
Aronia melanocarpa 'Morton'

Early Amethyst Beautyberry
Callicarpa dichotoma 'Early Amethyst'

American Filbert aka American Hazelnut
